

Cylindrical head screws

With a screwdriver slot, technopolymer

MATERIAL

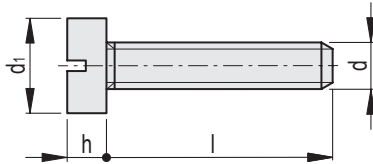

Polyamide based (PA) technopolymer, natural colour.

FEATURES AND APPLICATIONS

The screw is similar in shape and size to that specified in DIN 84 or ISO 1207.

It is made entirely from insulating material that is resistant to corrosion and chemicals. It is suitable for use on metal or timber structures, in industry, aeronautics, electronics, and in all cases where weight reduction is required.

The product is tested for mechanical and dimensional performance. Slight colour variations are perfectly normal and do not affect the quality of the product.
